## PRESS RELEASE

**FOR IMMEDIATE RELEASE**

Date: 28<sup>th</sup> September 2018

### **LANLEY HOMES STARTS WORK ON SITE AT DEER VIEW, IN LEA TOWN NEAR PRESTON.**

Lanley Homes are pleased to confirm that work has started on their exclusive new development in Lea Town, near Preston

Located on Darkinson Lane, Deer View will provide six detached 4 bedroom homes with double garages and two semi-detached 3 bedroom houses with single garages. Set within the rural town, with excellent outlooks over the local countryside, the development also benefits from good transports links with Preston Town Centre and Junction 32 of the M55 both within 5 miles.

Each home will be finished to a high specification and include bifold doors as standard, bespoke kitchens and oak veneer internal doors.

Development Manager, Neil McManus commented "We are delighted that work has now started on site and is progressing well on this exciting new development in Lea Town. Deer View will provide 8 modern homes which will benefit from a high specification throughout and hard wired connectivity via CATV cabling. The layout of the development, the materials that are to be used in the construction and the characteristics of the boundaries and driveways are designed to feel traditional, yet with a contemporary edge, focused on simple, easy family living."

This new development takes Lanley Homes to 15 units currently under construction, with 2 more sites already planned for 2019 totalling a further 61 units, quadrupling output.

### **Lanley Homes**

Lanley have been building high quality low volume housing since 1988 and aim to provide a product that is more bespoke than traditional volume house building.

Lanley Homes are the housing development arm of a much wider property group and we are able to draw on the skills and expertise of that wider group whenever required.

Lanley pride themselves on the quality of their developments as well as the after care provided once a purchaser has moved into their new home. Our finished homes benefit from a number of features that you would normally only expect to find as extra cost items in a new build home. The standard specifications of our homes meet and go beyond those of many other house builders, including bespoke kitchens with appliances included. We want you to move into your new home feeling that you received a great product at a good price without having to continually pay extra for the home you wanted.
