## PRESS RELEASE

**FOR IMMEDIATE RELEASE**

Date: 7<sup>th</sup> October 2019

### **FULL HOUSE AT LANLEY HOMES FRECKLETON DEVELOPMENT**

Lanley Homes are pleased to confirm that all 7 new homes at their Lytham Road development in Freckleton have now been sold.

The high quality development was situated in the heart of the village of Freckleton. Purchasers have been a mix of people already in the village and those looking to relocate to the Fylde area. The high quality of finishes and specification have been a major selling point, as has Lanley's commitment to providing houses with good proportioned rooms for family living.

Private driveways and garages to all but two plots provided an added attraction in this central location.

Development Manager, Neil McManus commented "We are delighted that our new development in Freckleton has proved so popular. At Lanley we work hard to design our product to meet the needs of the modern family. We also like to provide everything as standard, so that people get everything they see in the show homes without having to pay extra for fences, or turf. Our bespoke kitchen service has proved very popular because customers get so much input into this important hub in any home."

Neil continued "It is an exciting time for Lanley Homes as our expansion plans continue. Our exclusive Deer View development of 6 detached and 2 semi-detached properties in the rural location of Lea Town is now fully complete with 50% of the homes reserved or sold and we are well underway with 22 new homes in the picturesque village of Great Eccleston. We will also be announcing new sites in the very near future, which we currently have under offer."

Lanley are still looking for additional sites for new housing of between 5 and 25 new homes across the North West.

**Lanley Homes**

Lanley have been building high quality low volume housing since 1988 and aim to provide a product that is more bespoke than traditional volume house building.

Lanley Homes are the housing development arm of a much wider property group and we are able to draw on the skills and expertise of that wider group whenever required.

Lanley pride themselves on the quality of their developments as well as the after care provided once a purchaser has moved into their new home. Our finished homes benefit from a number of features that you would normally only expect to find as extra cost items in a new build home. The standard specifications of our homes meet and go beyond those of many other house builders, including bespoke kitchens with appliances included. We want you to move into your new home feeling that you received a great product at a good price without having to continually pay extra for the home you wanted.
