LANLEY HOMES ACQUIRES NEW SITE AT WEETON ROAD, SINGLETON

Lanley Homes is pleased to announce the acquisition of a new residential development site at Weeton Road, Singleton. The site has received planning consent for the construction of five detached executive family homes.

The acquisition follows Lanley Homes' ongoing development at Manor Croft, Barton, where construction is due for completion in July this year, demonstrating the company's commitment to delivering high-quality, sustainable homes across Lancashire.

Neil McManus, Senior Development Executive at Lanley Homes, said: "*We are delighted to secure this site at Weeton Road. With planning approved for five high quality family homes, this development allows us to continue providing small-scale housing developments in exclusive settings. Our team is looking forward to bringing these homes to life, following the successful progress we are making at Manor Croft, Barton. We also have a number of other new sites in the pipeline, with further details to be announced soon.*"

Lanley Homes remains focused on delivering high-quality, small-scale developments of executive family homes. The Weeton Road project complements the company's existing developments and strengthens its presence in the region.

For more information on upcoming developments, visit www.lanleyhomes.co.uk or contact the team on 01257 238438.

Lanley Homes

Lanley have been building high quality low volume housing since 1988 and aim to provide a product that is more bespoke than traditional volume house building.

Lanley Homes are the housing development arm of a much wider property group and we are able to draw on the skills and expertise of that wider group whenever required.

Lanley pride themselves on the quality of their developments as well as the after care provided once a purchaser has moved into their new home. Our finished homes benefit from a number of features that you would normally only expect to find as extra cost items in a new build home. The standard specifications of our homes meet and go beyond those of many other house builders, including bespoke kitchens with appliances included. We want you to move into your new home feeling that you received a great product at a good price without having to continually pay extra for the home you wanted.
